

## Home Learning

In the event that school has to close or partially close, we have plans in place to help support learning for all children at Penketh South CP School.

The staff have prepared work to last for at least two weeks and will make more work available should the need arise.

We will communicate any further information or ideas via Facebook, the school website and by email. We are also intending to set up Google Classroom but we will be in touch with you about this in the next day or so.

Below is a summary of what we will provide as well as a list of some of the most useful websites that you could use to keep your child(ren) busy. Individual teachers are also preparing additional information for their particular year groups.
